

LivePicture GO[®]

Product description

LivePicture GO is a plant painting for home. LivePicture GO offers a playful way of adding vertical greenery to your living, learning or working environment. The LivePicture GO empty indicator shows when the water tank needs to be filled. The tank holds enough to water the plants for two to four weeks.

LivePicture GO Bamboo is made of sustainable bamboo fibres. Bamboo is a natural and sustainable material and has a low environmental impact. Bamboo is biodegradable and 100% recyclable. Not only the plants, also the frame makes the LivePicture GO Bamboo green.

Available colours

White, Bamboo Natural and Bamboo Black.
